

Disclaimer recordings, security & privacy

Regarding products with recording and remote access functionalities provided by BCS Cranecamera: The products are designed to improve lifting site monitoring, safety and operational efficiency. By purchasing BCS products customers acknowledge and agree to the following:

A. Privacy and Data Protection:

- 1. BCS Cranecamera prioritizes privacy and data security; however, it is the customer's responsibility to ensure compliance with all applicable privacy laws and data protection regulations regarding the use of these devices.**
- 2. Users must notify individuals who may be recorded by the cameras, as required by local, state, or federal regulations.**

B. Account Management Responsibility:

- 1. Customers are solely responsible for securing access to all registered user accounts associated with the remote access units purchased by the customer.**
- 2. Strong, unique passwords should be implemented, and access permissions must be granted only to authorized personnel.**
- 3. It is the customer's responsibility to revoke access for unauthorized or inactive users promptly to prevent security breaches.**

C. Unauthorized Access Risks:

- 1. While BCS Cranecamera implements security measures to protect the system, no system is entirely immune to unauthorized access or hacking attempts.**
- 2. Customers should implement additional safeguards, such as secure network configurations and regular monitoring, to minimize the risk of unauthorized access.**

D. Privacy Compliance:

- 1. Customers must ensure that the use of crane cameras and remote access units aligns with all applicable legal requirements, including but not limited to privacy, surveillance, and data collection laws.**
- 2. BCS Cranecamera is not responsible for legal or regulatory violations stemming from improper or unlawful use of the equipment.**

E. Service access:

- 1. BCS Cranecamera will only access the remote connection for service and maintenance purposes**

F. Data Storage and Access Logs:

- 1. Customers are responsible for managing any data captured, including video recordings, and must ensure its secure storage and access.**

- 2. It is recommended to review access logs regularly to monitor account activity and detect any unauthorized usage.**

By purchasing and using BCS Cranecamera products, the customer agrees to these terms and acknowledges their responsibility for managing user access and protecting privacy. For further assistance, please contact our support team.
